DISCOVER THE REAL HONG KONG

Experience Hong Kong from a new perspective with Ramblers Walking Holidays. Unspoilt hill country and outlying islands, where you walk through lush open countryside and along deserted coastal paths, far away from the crowds.

Hong Kong is a beguiling place to visit; a teeming metropolis with a harbour surrounded by skyscrapers but with the attraction of walking in the backdrop of the relatively remote and unspoiled New Territories. The Chinese metropolis is full of colour: markets, shopping precincts, streets flashing with illuminated signs and shops filled with strange goods and foods from mainland China. The harbour scenes are a myriad of ferries, sampans, junks and floating restaurants. A walk to the lofty heights of Victoria Peak overlooking all of this is a must!

Beyond the maze of streets and skyscrapers lies another world of unspoilt hill country and countless islands little changed for centuries. Numerous ferries ply these outlying islands, havens of peace far from the crowds. We'll wander across Lantau Island to find Tai O, a little village which seems to come out of the Middle Ages, and walk on car free Lamma Island. North of Kowloon towards the border with mainland China we come to the New Territories, protected by National Country Park status and crossed by the Maclehose Trail. The colonial Kowloon-Canton Railway gives easy access to mainland China – ideal for a 'free day' adventure (a visa is required if you decide to do this).

Hong Kong is a superb holiday destination and delivers far more than you might have imagined or believed possible.

HOLIDAY GRADE

This is a grade 4 walking holiday where you can expect full and half days of moderately paced walking. Full days involve up to 5 hours of walking whereas half days involve up to 3 hours. The highest point reached on this holiday is 559m at Ma On Shan. Ascents and descents can be up to 600m. Many of the walks are at the top of the grade and can involve very steep routes. The humidity and temperature can make the walks challenging. Our itinerary will allow for sightseeing so you can enjoy even more of Hong Kong!
Proposed Itinerary

Our bottom line is happy travellers, and to that end we trust our tour leaders to use the itinerary below as a basis for providing you with a great holiday. We expect our leaders to make adjustments to the itinerary if the weather, group ability or other local conditions make that necessary. There are normally more options available to our leaders than those listed below and one or more of these options may well be chosen. All distances, heights & timings are approximate.

Key to Meals:
B - Breakfast, L - Lunch, D - Dinner.
In flight meals, if appropriate, will be advised in your final travel documents

Day: 1 - In flight (In flight meals) Flight from UK to Hong Kong.

Day: 2 - Hong Kong (D) On our arrival we travel for approximately 40 minutes to our hotel – situated right in the centre of a district called Mong Kok in the province of Kowloon. This must be amongst the most intriguing areas that any of us will have visited. With its street markets, numerous food sellers, shops that seem to sell every possible requirement to the hustle and bustle of one of the most densely populated areas in the world. On our first night we absorb the local atmosphere and make a visit to the ‘Ladies Market’.

Day: 3 to 13 - Hong Kong (B,D) For the following 11 days we will enjoy a varied programme of walks and sightseeing, including at least one free day for you to explore independently. Here is an example of some of the walks that we hope to include in our programme during our time in Hong Kong.

The following days may not necessarily take place in accordance with the order of this itinerary. This itinerary is intended to give you an idea about the areas and activities that we hope to include in this holiday. The order in which they will take place will be dependent on local conditions and may vary with each departure date.

Kowloon Park, Coastal Walk along the Avenue of Stars & the 1881 Heritage Building

Not a park as we might expect – but a visit to Kowloon Park where there are flamingos, modern statues, indigenous plants, Chinese garden and probably Tai chi dancers. Then on to Nathan Road where there are skilled tailors ready to make overnight made to measure dresses, suits or shirts. We head to the coast to walk along the Avenue of Stars and to watch the busy shipping lanes across Victoria Harbour. Next to the Ocean Terminal where food courts supply meals from numerous nationalities and where the locals eat. The "1881" Heritage building is a must to visit – built nearly 140 years ago for the Marine Police Headquarters – it retains a Greenwich Meantime ball tower, records of Japanese occupation and history of Hong Kong. Nearby there are the Space and Art museums. On the way back to our hotel we visit the flower and bird markets. Come evening we return to Victoria Harbour to view, according to the Guinness Book of Records, the finest illuminated waterfront in the world – with a laser show timed to music.

Star Ferry, Hong Kong Park & Tram to The Peak
A must for any visitor is a trip across Victoria Harbour on the Star Ferry. We walk past some of the finest high rise buildings to visit the colonial era, of 1847, St John's Cathedral (once the tallest building on Hong Kong and now like a model)! Near the Cathedral is Hong Kong Park with an intriguing tea museum housed in a British Army Officers' building. An aviary so large that numerous birds can fly within its protective cover is a must to visit before taking the vernacular tram to The Peak. At The Peak there are iconic views across Hong Kong island. We take in the views before returning to central Hong Kong for a tram ride to the Western Central Market (a traditional British food market) followed by viewing Chinese medicine and dried fish markets. After dinner a visit to a night market in Temple Street completes the day's activities.

**Sai Kung Country Park & Kung Shek**

A day of coastal, woodland and paddy field trails. We walk in the National Sai Kung Country Park for a beach walk with some fine coastal views. Then into the woods before reaching areas previously used as rice paddy fields. A ferry boat then whisk us to Wong Shek before making a tour of the fishing town of Sai Kung. This evening dinner is at a local restaurant. This walk is 6.5 miles (10 kms) and along concrete paths, coastal sandy beaches, woodland, disused paddy fields, sections of steps and a steady hill trail. Descents and ascents: 150m.

**Tai Tam & the Dragon's Back Trail**

Victorian engineering splendour is reflected in the area of Tai Tam, Hong Kong Island's largest 'green lung', where a pleasant walk takes a route past a major water catchment area of dams, bridges, pump houses and reservoirs. Followed then by a tourist "essential" visit to Stanley Market. A second trail along the Dragon's Back (said to be the finest urban hike in Asia) allows for picturesque island and city views. Tai Tam Victorian water catchment area - we walk for 2.5 miles (4 kms) down a roadway system for a descent of 150m. Dragon's Back - we walk for 3 miles (5 kms) with hill climb and descent of 180m.

**Aberdeen Harbour & Lamma Island Coastal Walk**

No visit to Hong Kong can be complete without taking a sampan out on Aberdeen Harbour. Following Aberdeen we take a ferry boat to Lamma Island for a coastal walk with a chance to swim in the South China Sea. After dinner on the island a night ferry trip takes us back to Hong Kong. Today's walk is 6.5 miles (10 kms) with ascents and descents of 100m.

**Bride's Pool Walk, Hakka Village & Plover Cove Country Park**

Bride's Pool walk – your tour leader will explain the mythology as you pass rocky trails, streams and pools. We take a wooded route and then on to our first view of China as we overlook the City of Shenzhen. Next comes a Hakka (refugees from China) village – now mainly abandoned with ghostly dwellings. This area within the Plover Cove Country Park offers some of the finest country scenery of the tour. The walk is 10 miles (16 kms) along trails that include steep paths, wooded areas, open countryside and stone steps. Ascent and descent of 300m.

**Po Lin Monastery, Asia's Largest Buddha & Tai O Trail**

A cable car trip to Hong Kong's second highest peak (934m) for a visit to Po Lin monastery – where monks are likely to be heard chanting. Time to take a vegetarian lunch at the monastery and wander up to the largest Buddha in Asia. Next we take a hilly trail that leads to Tai O – amongst the last of traditional stilted fishing villages remaining and a photographers paradise! Then across the island for dinner before returning to our hotel. This walk is 9 miles (14 kms). The trail is taken partly on roads and for most of the route by footpaths - covering three hills of about 50m climb each over a height of about 400m with descent to sea level.

**Central Hong Kong, Man Mo Temple & Cheng Chau Island**

A second opportunity to visit the central area of Hong Kong where we start at Possession Street where the British navy first landed. Followed by a walk along the original 'Hollywood' Road to visit a traditional Chinese temple: the Man Mo Temple. Once a place of intrigue as the British listened into conversations by Chinese seeking to cause insurrection. The route then goes along Gough Street where there are many shops selling old and new 'antiques'. We follow the longest escalator in the world down to the ferry piers for a boat to Cheung Chau Island for a coastal walk, swim opportunity and dinner on the island.

**Ping Shan Heritage Trail, Yuen Long & the Wetland Park**
Having seen modern Hong Kong, buildings of the colonial era and much of the countryside we now have an opportunity to visit traditional Chinese buildings and to appreciate their culture and education. We follow a heritage trail at Ping Shan – pass the largest Pagoda in Hong Kong then visit the town of Yuen Long. In the afternoon we’ll visit the Wetland Park to view migratory birds together with butterflies.

**Day: 14 - In flight (B)** We have a free day before our evening transfer to the airport for an overnight flight to the UK.

**Day: 15 - (In flight meals)** Arrival into the UK.

**Optional Excursions**
A range of local excursions and activities may be available to book at your destination through a local operator. We have no involvement in such activities or excursions which are not run, supervised or controlled in any way by us. Your contract will be with the local activity supplier and we accept no responsibility for their actions or omissions.

**Leaders Evening Briefing**
Each evening, your tour leader will discuss with you the programme for the following day. If you do not wish to join the organised group programme, please let the leader know.

**Local Transport Costs**
All local transport costs in conjunction with the advertised activity programme are included in the holiday cost.

**Personal Expenditure**

**Budgeting for Extras**
When budgeting for your holiday, you will need to consider drinks, any meals not included in the holiday price, non-included entrance fees, optional excursions you may choose to participate in locally and any souvenirs or additional services such as laundry. A general guideline for lunches and drinks is £10-£20 per person per day.

**Tipping:**
Tipping expectations are relatively high. The local guides, drivers and hotel staff often prove to be of great assistance in all aspects of the holiday. Should you wish to tip our Chinese colleagues, you may wish to consider an allowance of 50p per person per day. It must be stressed however, that such tips are at your own discretion.

**Tipping**
Although entirely at your own discretion, tipping is an important aspect of tourism and hospitality life and expectations are fairly high. In order to simplify tipping, we strongly recommend that you allow your leader to take care of making sure tips are given to hotel and restaurant staff & to local guides and drivers. This will be done using some funds provided by us together with, if you wish, a contribution from you, which he/she will collect during the holiday.

**Tour Leaders**
Your tour leader makes the world of difference to your holiday and ours are as passionate about discovering the world on foot as you are. They’re resourceful, organised and widely travelled. They will handle all the local administration and other needs that might arise to ensure that you don’t have to worry about planning your days and you can enjoy your holiday. Although leading group holidays, they won’t forget that every group is made up of individuals. Each tour leader has their own individual style, talents and professional backgrounds and all are trained, qualified, experienced and dedicated to making your holiday as enjoyable, interesting and inspiring as possible.

On most holidays of 7 nights and over, the tour leader will have one day's break a week, enabling you to have a 'free' day too!

Passports and Visas
Although Hong Kong is now part of the People's Republic of China, it remains a Special Administrative Region with its own immigration controls. You can visit Hong Kong for up to 6 months without a visa. Your passport should be valid for at least one month after the date of your departure from Hong Kong. If you plan to work or study in Hong Kong, or stay for a period of longer than 6 months you will need to get a visa.

If you are travelling to mainland China via Hong Kong you must get a Chinese visa before arrival at the border. Visas are not available on arrival at the Chinese border for British passport holders. If you are entering Hong Kong via mainland China and leaving again via the mainland you will need a double or multiple entry visa for mainland China.

General Passport & Visa Advice
It is a good idea to carry photocopies of the personal details pages of your passport. Should you lose your passport, this may assist with the issue of replacement documents and your return to your home country.

Passport and visa requirements can change at any time. It is your own responsibility to ensure that you inform yourself from a professionally qualified source on, and comply with, such requirements.

You will be unable to participate in our local walking and other activity programmes without being able to demonstrate that you have valid travel insurance.

Please ensure that as a minimum your travel insurance policy covers you for travel to your holiday destinations (country and geographical region) and for medical expenses, mountain rescue (including helicopter rescue) and emergency repatriation to your home country in the event of illness or injury. Your policy should also provide adequate cover for the activities, included and optional, you are likely to participate in during your holiday.

Whoever you insure with, please ensure that you take full details, and ideally the policy itself, with you on holiday and provide our tour leader with your insurer’s name, the policy number and emergency assistance contact numbers.

We appreciate that we are in a fortunate position to be able to use our profits to help make a difference to people’s lives. Heart & Sole is a venture managed by our office staff, whose aim is to reach the heart of the communities in the countries we visit.
